

Where Innovation, Nature and Health Live

At Angeline we believe where you live is just as important as how you live. Spanning 6,200 acres in Pasco County, we're creating an environment for lifelong learning with smart, innovative technologies, world-class amenities, multi-modal connectivity, wonderfully wide-open spaces, and one-of-a-kind experiences for future residents. This progressive vision reimagines the definition of better, total health, and every aspect of Angeline is shaped by six core values:

- Health & Wellness
- Education & Technology
- Fun & Adventure
- Energy Savings & Advanced Technology
- Conservation & Stewardship
- Transportation & Connectivity

Innovative by Design

We're leading the way for a more connected, more healthy community through innovative technology like ULTRAFi fiber for lightning-fast internet speeds. Our Streetleaf solar streetlights help reduce grid dependence and light pollution. And we'll continue to adopt new technology & enhance residents' quality of life for generations to come.

By the Numbers

6,200 ACRES	7,500 SINGLE-FAMILY HOMES
775 ACRE MOFFITT PASCO LIFE SCIENCES DEVELOPMENT	3,600+ ACRES OF NATURAL, UNDEVELOPED GREEN SPACE
